

TELL MEL

To Save Our Corner of the Greater Yellowstone Ecosystem!

Grand Targhee Resort lies in the southwest corner of the Greater Yellowstone Ecosystem, not in Aspen or Vail where wildlife have been decimated. This is land in Wyoming and Idaho, where we value our Dark Skies. Sign the petition today!

TELL MEL Bolling, Forest Supervisor for the Caribou-Targhee National Forest, not to allow the proposed expansion of Grand Targhee Resort beyond its current boundaries.

TELL MEL we don't want mountain-top restaurants that will spoil our views of the Tetons by signing an online petition (just your name and email address) at www.notargheeX.org. Look for the "Tell Mel Petition" button on the front page.

- Protect our wildlife
- Protect our forest against wildfires
- Protect Teton Canyon
- Protect our dark skies
- Protect our views of The Grand
- Don't tax folks out of their homes
- Don't want the Tetons to be like Vail or Park City
- Don't want \$200 lift tickets
- More traffic
- Decreased air quality
- More noise
- Protect the SW corner of the Greater Yellowstone Ecosystem!

SIGN THE PETITION TODAY!

You can also email Mr. Bolling at melvin.bolling@usda.gov if you want to double the impact of signing the petition. Use any of the reasons in the jar to the left, or your own reasons.

Take a stand to protect Teton Valley from becoming another Vail.

Ask your friends to sign the petition and/or email Mel!

Please copy your email to Mel to notargheeX@gmail.com.

A copy of this ad is available for downloading and forwarding to your friends and family on notargheeX.org.
